

WELCOME HOME!

We are excited to welcome you back to worship services at The Rock Church! In light of COVID-19, we are following the government regulations for church gatherings.

We want to do our part in providing a safe space and connections as we gather together. To help make this possible, we will be practicing the following to minimize risks:

- Frequent sanitation of the building, washrooms furniture, and surfaces
- Limiting building spaces being used
- Designating traffic flow in and out, and within the building
- No provision of food, coffee, or other beverages
- Asking people to remain home if they are sick or have symptoms
- Requiring everyone in attendance to:
 - Practice good hand hygiene with frequent washing/use of hand sanitizer
 - Physically distance from others not part of your household
 - Refrain from hugging, shaking hands and other forms of physical contact

We are asking everyone to join us in following the government & church/COVID-19 regulations. Would you agree to partner with us and participate in these efforts?

Please list everyone in your family unit who will be attending with you. We are only asking this on your first return to the building, not each week. Thank you!

Yes, I/we will do our part!
